Marx's Simplicity

Weiss blamed blind reliance on Marx's "theory of economic crisis" for the wrong guesses about depressions between 1945 and 1954. 'Everything was very simple," he said, if you followed Marx.

But the trouble, he said, was in the difference between the present world and the 19th century world of Marx. Conditions have changed and facts too, he said. And Marx was making predictions based on 19th century facts.
